STATEMENT PURSUANT TO SECTION 134(3) OF THE COMPANIES ACT, 2017

Pursuant to Section 134 (3) of the Companies Act, 2017, this Statement sets forth the material facts concerning the special business listed herein above, to be transacted at the Extraordinary General Meeting of The Hub Power Company Limited (the "Company") to be held on Friday, June 22, 2018.

1. INVESTMENT IN THAR ENERGY LIMITED ("TEL")

TEL was incorporated in Pakistan on May 17, 2016 as a wholly owned subsidiary of the Company under the repealed Companies Ordinance, 1984. The principal activities of TEL are to develop, own, operate and maintain a 330 MW mine-mouth coal fired power plant to be established at Thar Block II, Thar Coal Mine, Sindh ("Project").

TEL has received commitment from Sindh Engro Coal Mining Company Limited ("SECMC") for mining of coal in Thar Block II (Phase II) for supply of 1.9 million ton per annum of Thar Lignite coal for sustainable operations of the Thar Plant.

Pursuant to the proposal submitted by TEL on April 05, 2016 for setting up the Project, Private Power & Infrastructure Board ("PPIB") issued Letter of Support ("LOS") on December 9, 2016 and accordingly TEL executed the Implementation Agreement with PPIB on November 10, 2017. TEL has also executed the Power Purchase Agreement, Water Use Agreement and Coal Supply Agreement in respect of the Project on July 27, 2017, October 17, 2017 and May 13, 2017 respectively. PPIB has approved extension in LOS deadline to achieve the financial close of the project by September 09, 2018.

The Company has entered into the Shareholders' Agreement on March 15, 2018 with Fauji Fertilizer Company Limited ("FFC"), CMEC TEL Power Investments Limited ("CMEC Dubai") as shareholder and China Everbest Development International Limited ("CMEC HK") as Sponsor. The Shareholders' Agreement provides for investment in equity of TEL by each of the shareholders such that the shares of TEL will be distributed as follows: the Company holds 60% of the total shareholding of TEL, FFC holds 30% and CMEC Dubai holds 10%. The Company, FFC and CMEC HK would be collectively referred as ("Sponsors")

As a condition precedent to the availability of finance facilities for the development of the Project, the lenders of TEL require the Company to enter into a sponsor support agreement ("SSA"). Under the SSA several guarantees, undertakings and commitments are required from the Sponsors for which shareholders' approval is being sought.

1. Since the project cost has been increased from US\$ 500 million to US\$ 520 million due to which the proportionate equity contribution of the Company has increased from US\$ 75 million to US\$ 78 million; therefore, revised approval for an amount of US\$ 78 million is sought;
2. Standby letter of credit in an amount not exceeding US\$78 million ("Equity SBLC");
3. Sponsor Support Contribution LC in an amount of US\$ 31 million;
4. Undertaking to arrange and/or provide working capital financing to TEL up to an amount of US\$ 36 million ("Working Capital Financing") in the event TEL is unable to arrange financing at the relevant time;
5. Obligations to participate in the put option / commercial risk guarantee up to the amount of US\$ 25 million;
6. Excess Debt Support up to the amount of US\$ 22 million plus unpaid markup, if any;
7. Undertaking to provide Initial Debt Service Reserve Account ('DSRA'), if DSRA shortfall exists up to the amount of US\$ 20 million;
8. Debt Service Reserve Account ('DSRA') LC for the current DSRA amount i.e. US\$ 20 million so that Sponsors can withdraw the cash from the DSRA account after Project Completion Date; and
9. Pledge of any shares in TEL owned by the Company, in favor of the lenders of TEL ("Share Pledge").

a. Equity

Investment in Equity of TEL

In the extraordinary general meeting of the Company held on May 25, 2017, the members of the

Company approved the following investments in TEL, by way of a special resolution, as required by Section 208 of the repealed Companies Ordinance, 1984:

"Equity investment in the shares of TEL, by the Company up to an amount of US\$ 75 million, by way of subscription of shares of TEL at a price of PKR 10 each"

Since the project cost has been increased from US\$ 500 million to US\$ 520 million, the proportionate equity contribution of the Company has increased from US\$ 75 million to US\$ 78 million; therefore, revised approval for an amount of US\$ 78 Million is sought.

Standby letter of credit in an amount not exceeding US\$ 78 million ("Equity SBLC")

With regards to the Equity SBLC, the same shall secure the obligations of the Company in respect of the equity contribution pursuant to the Shareholders Agreement dated March 15, 2018. For the purpose of clarity, please note that the SBLC forms part of the US\$ 78 Million equity investment for which the approval is sought from the members of the Company and is not a standalone facility. However, given that the SBLC amounts to a separate "investment" for the purposes of the Act and the Regulations, the Company is required to obtain separate approvals for the same from its members. The SBLC amount will be reduced on each subsequent investment made in the project pursuant to SSA.

b. Sponsor Support Contribution LC

The Company is required by the lenders of TEL to provide a guarantee/standby letter credit for the PKR equivalent of an amount not exceeding US\$ 31 Million to guarantee an investment in the form of subordinated debt to cover (a) cost overrun (b) any obligation under financing documents prior to project completion date of the Project and (c) undertaking to achieve the Commercial Operations Date of the Project.

c. Working Capital Undertaking

With regards to the working capital financing, it is a contingent obligation of the Company pursuant to the Sponsor Support Agreement, which shall arise only if TEL is unable to arrange working capital, and in any case such obligation will not arise before the commencement of the operations of the Project, the expected date of which is March 31, 2021. The maximum amount of the working capital financing to be disbursed at the relevant time shall not exceed US\$ 36 Million.

d. DSRA Support

Support from the Sponsors is required in the form of Standby Letter of Credit ("SBLC") for an amount not exceeding the PKR equivalent of US\$ 20 million in TEL either in the form of investment in equity or by way of debt/loan if there is a shortfall in DSRA or the project completion date of TEL has not been achieved for the purpose of repaying outstanding obligations owed by TEL to its lenders, including any financing costs (the "Initial DSRA Support"), and to create security on the assets of the Company as may be required by the relevant lenders that will issue the requisite letter(s) of credit.

After the project completion date of the Project, the lenders of TEL have allowed Sponsors to withdraw the cash from the DSRA account provided Sponsors issue "DSRA LC" for the amount of the current DSRA. After the final maturity date of project loan, the TEL lenders will issue instructions to the Facility Agent to release the DSRA LC. That amount can also vary depending on the then prevailing LIBOR/KIBOR rate so the estimation is that, Hubco's share will not exceed US\$ 20 million, although it can be slightly higher or lower. Upon a demand being made for payment under the DSRA LC and receiving such payment, the said amount may be treated as equity or at the option of the Sponsors collectively, subordinated debt advanced in favor of TEL in an amount equal to such portion of the DSRA LC that is called upon.

e. Commercial Risk Guarantee

In order to secure the residual commercial risk post ex-Sinosure Policy (as Sinosure Policy would only cover 65% commercial risk), a Commercial Risk Guarantee structure has been finalized among

the Chinese lenders, local lenders and Sponsors. Under the arrangement, Chinese lenders required some additional coverage from the local lenders. Since Sinasure has agreed to take 65% commercial risk, and the Chinese lenders have agreed to take 15% commercial risk, Sponsors are required to provide additional coverage to Chinese Banks for the residual 20% commercial risk. This 'Put Option' Facility shall be available for a period of 14 years, with Sponsors Portion to be secured by a charge over Sponsors assets. In addition, Sponsors have to provide conditional / contingent support to lenders to cover for (a) any differential of the amount payable to the amount received from CDB in lieu of markup on the forced loan not settled by project company (if any); and (b) any excess exposure of the Commercial Risk Guarantee provider because of PKR devaluation against US\$. Therefore, the Company's exposure (60% share) as Sponsor Support for the Put Option would US\$ 15 Million as primary obligor and US\$ 10 Million as markup on the forced loan not settled by project company (if any) and any excess exposure on account of US\$ / PKR devaluation.

f. Excess Debt Support

In the event TEL requires excess debt, which is over and above the cost approved by NEPRA in the tariff awarded to the Company dated October 18, 2016, the Company is required to provide support in the form of contractual commitments to the lenders of TEL (and/or the security trustee) for TEL taking such excess debt. The excess debt support shall not exceed the PKR equivalent of US\$ 22 million plus unpaid markup, if any.

g. Share Pledge

With regards to the share pledge, the same does not entail any additional financial commitment of the Company towards TEL and is being provided as an additional form of security to the lenders of TEL, to secure TEL's repayment obligations under the financing documents.

As per the requirements of Section 134(3) of the Companies Act, 2017, the Sponsor Support Agreement (when executed) will be available for inspection at the registered office i.e. 11th Floor, Ocean Tower, Main Clifton Road, Block 9, Clifton, Karachi of the Company on working days between normal business hours.

h. Parent Company Guarantee for Hub Power Services Limited (HPSL) to TEL

Hub Power Services Limited ("HPSL"), a wholly owned subsidiary of The Company will be providing Operation and Maintenance (O&M) Services to TEL. As per the requirement of Sponsor Support Agreement, the Company is required to give an unconditional and irrevocable undertaking that it shall procure that HPSL (being the Shareholder's Affiliate and the O&M Operator for TEL) shall comply with its obligations under the O&M Agreement and guaranteeing the same.

2. INVESTMENT IN SINDH ENGRO COAL MINING COMPANY LIMITED

The Government of Sindh (GOS) issued an Information Memorandum dated May 2008 inviting proposals from investors interested in a coal mining project in Thar, Sindh to be dovetailed with a power plant to be set up by investors and Engro Powergen Limited ('Engro') duly submitted its proposal by its letter dated June 14, 2008. The GOS selected Engro as its partner for the coal mining project ("Mining Project").

GOS and Engro entered a joint venture agreement dated September 8, 2009 to inter alia form a joint venture company to carry out a feasibility study of the Mining Project ("Detailed Mining Feasibility Study") and if deemed appropriate to develop the Mining Project. The Company was subsequently incorporated for this purpose with Engro subscribing to 60% of its initial share capital and the GOS, 40% of its initial share capital. On March 8, 2013 the Economic Coordination Committee of the Federal Cabinet of the Government of Pakistan approved the issuance of a Sovereign Guarantee for the debt of the Company provided that the Government of Sindh owns at least 51% of the issued and paid up capital of the Company. Notwithstanding the same, the GOS has agreed with Engro that subject to (unless otherwise agreed by the GOS) Engro (directly or through its Affiliates) retaining shareholding of not less than 26% of the paid up capital of the Company, the management control of the Company shall remain with Engro.

In light of the foregoing, the GOS and Engro amended and restated the terms of the joint venture agreement dated September 8, 2009 and entered into an amended and restated joint venture agreement dated January 24, 2014 (the "JVA").

SECMC is currently setting up a 3.8 Mt/annum mine in Block II. However, it is planning to expand the capacity of mine to 7.6 Mt/annum (Mine Expansion- Phase II) to cater to the two additional 330 MW IPPs being set up by Thar Energy Limited (TEL) and Thal Nova Power Thar (Pvt.) Limited. The marginal tariff of Phase II will be only US\$ 6/kwh, making it the cheapest thermal unit available to Pakistan. Further, SECMC has also achieved important milestones required for Financial Close of the expansion project:

- EPC contract signed
- Tariff for Phase II filed with Thar Coal and Energy Board (TCEB)
- Coal Supply Agreements signed with Phase II IPPs
- Funding Plan has been finalized and agreed with Lenders

Engro, Thal, HBL, Hubco and a wholly owned subsidiary of CMEC entered into a Master Shareholders Agreement on August 17, 2015 whereby, Hubco has agreed to invest the equivalent of US\$ 20 million (equivalent PKR 940 million already invested) at or soon after Financial Close or at such later time or times as required by the Financing Agreements at a share price of Rs.14.82 per share. The Company has already obtained its members approval in the Company's Annual General Meetings held on October 5, 2015 and October 18, 2016 and EOGM held on January 14, 2016 for making an investment in SECMC of an amount not exceeding US\$ 20 million by way of subscription of shares at the rate of Rs.14.82 per share. The members of the Company have also approved the provision of a standby letter of credit to cover for the equity investment of US\$ 20 million.

In the event of any cost overrun in the development of the Mining Project after Financial Close, the Sponsors (namely, GOS, Engro, Thal, Hubco, HBL, and CMEC), pursuant to the Sponsor Support Agreement to be entered into, agree to provide funding for the purposes of cost overrun to SECMC as requested by SECMC or the Inter creditor Agent, if at any time prior to the Project Completion Date, there is funding shortfall. Each Sponsor is obligated to pay the cost overrun amount in cash, by way of subscription of SECMC shares or at the option of the Sponsors collectively, by way of a subordinated debt to SECMC. During the last Annual General Meeting held on October 5, 2015, the Company sought approval from its members for provision of bank guarantee to cover for the cost overrun of up to US\$ 4 million. The obligation of the Company under the Sponsor Support Agreement is changed to a contractual obligation to make available, if required, a monetary amount equivalent to the Cost Overrun Support Request from SECMC. The obligation of the Company to provide cost overrun support shall be released in full, upon the Project Completion Date. The aforementioned approval was taken at the EOGM held on January 14, 2016. Due to expansion of SECMC Mine to 7.6 Mt/a, HUBCO is required to provide additional Cost Overrun support of US\$ 1 million making a total contractual commitment of US\$ 5 million

As for Debt Service Reserve Account ('DSRA') on the Initial DSRA Test Date, being the date falling one month prior to the First Repayment Date, if there is an Initial DSRA Shortfall, each Sponsor shall procure and issue a DSRA Letter of Credit (LC) in proportion to its shareholding of Ordinary shares in SECMC. The DSRA Shortfall is the amount of one repayment instalment less the amount available in the DSRA and can therefore be upto the amount of one repayment instalment of all the finances obtained by SECMC. That amount can also vary, depending on the then prevailing LIBOR/KIBOR rate, so the estimation is that, Hubco's share will not exceed US\$ 6 million, though it can be slightly higher or lower.

Upon a demand being made for payment under the DSRA LC and receiving such payment, the said amount may be treated as equity or at the option of the Sponsors collectively, subordinated debt advanced in favour of SECMC in an amount equal to such portion of the DSRA LC that is called upon, for which approval was obtained at the EOGM held on January 14, 2016 & October 18, 2016.

To secure SECMC's debt, the Company will also pledge its shares in SECMC with the lenders of SECMC.
